Approval of Agenda: Chairman Loesche stated that item 6a) Review of Parking in Residential Areas should be moved under Old Business. Member Slama stated that he would like to add Storage Sheds under New Business. Member Venturella motioned to approve the agenda as modified, seconded by Member Whitmore and motion passed with the unanimous consent of the Commission of those present.

Approval of Consent Agenda: Chairman Loesche stated that a corrected copy of the Meeting Minutes of July 16, 2013 was provided for the Commission and then asked for a motion to approve the consent agenda. Member Whitmore motioned to approve Meeting Minutes of July 16, 2013 as presented, seconded by Member Stoeckl and motion passed with the unanimous consent of the Commission of those present.

Chairman Loesche stated that there are several items, that need to be reviewed this fall and in order to organize the current and future items he requested that the Board of Trustees, Village Staff and Commission Members send him a list of items that they feel need to be addressed in the zoning code. Chairman Loesche stated the items could be very specific or more general in nature. When he receives everyone's potential topics, Chairman Loesche stated that he will leave it up to the Commission as to which items warrant attention and prioritize the issues for review.

OLD BUSINESS

Review of Parking in Residential Areas: Chairman Loesche stated that there are three issues that he feels needs to be addressed with parking in residential areas: 1. Where residents can park. 2. The size of restrictions. 3. Number of vehicles that can be parked. The Commission discussed if changes were made regarding these issues to the code, would they be enforceable or would they be "grandfathered" or would the Village only be able to

regulate the use. Detailed discussion ensued. In the discussion of the Commission, there were different opinions in the interpretation of the code and they discussed bringing Special Council in that specialized in Municipal Zoning to help the Commission understand what would be enforceable regarding parking issues in residential areas. Attorney Hartzog stated he had no objections to bringing in Special Council because of the different opinions from the Board of Trustees and Planning & Zoning Members. Chairman Loesche stated that if the request of funding for Special Council could be put on the next Board of Trustee agenda and is approved, he would write a short bid specification and mail it out to at least 3 possible Zoning Attorneys. Chairman Loesche motioned to table the review of Parking in Residential Areas, seconded by Member Slama and motion passed with the unanimous consent of the Commission of those present.

NEW BUSINESS

Determine Which Zones are Applicable for Each Definition in the Zoning Code: Chairman Loesche stated that Chairman Whitmore of the Board of Trustees requested that the Commission review each definition in the zoning code and identify which zone pertained to each definition. Member Slama stated that in the June 5th Board Meeting Minutes, the Board reviewed this issue and discussed if this was completed how it would cause multiple ordinance changes. It was suggested that it be discussed with the Attorney and the Codifier and was never brought back to the Board. Discussion ensued. Chairman Loesche motioned to table this discussion and if it is approved to bring in Special Council, this issue could also be addressed, seconded by Member Slama and motion passed with the unanimous consent of the Commission of those present.

Commercial Sign Code: The Board of Trustees requested that the Planning & Zoning Commission review the Commercial Sign Code that they approved in 2011 again before Village Staff enforces the businesses to be brought into compliance (which were notified in 2011 that they had to be in compliance no later than December 31, 2012).. Discussion ensued. The Commission requested that Village Staff take pictures of the temporary window signs throughout the Village along with the measurements of the signs of those businesses that are not in compliance and forward to the Commission for their review. Member Venturella motioned to table further discussion with the Commercial Sign Code, seconded by Member Eisenhauer and motion passed with the unanimous consent of the Commission of those present.

Storage Sheds: Member Slama motioned to table discussion of Storage Sheds until the next meeting, seconded by Member Eisenhauer and motion passed with the unanimous consent of the Commission of those present.

The Commission discussed the date of the next Planning & Zoning Meeting and it was agreed to meet on Tuesday, November 12, 2013 at 6:30 pm.

ADJOURNMENT

With no further discussion, Member Venturella motioned to adjourn the meeting at 9:20 pm, seconded by Member Eisenhower and motion passed with the unanimous consent of the Commission of those present.
